“Monika Barretta has given us exceptional service and persisted to market our property until she had secured the right buyers successfully. She has gone well beyond our expectations to support us in preparing and marketing our house. Since I live overseas, Monika has organised the preparation and sale where I couldn't, which we are eternally grateful for.

Her Communication and negotiation skills are exceptional and she used them with a very high-level of understanding and sensitivity to navigate through any difficulties. We can confidently recommend Monika's services and expertise to anyone local or overseas living.”
